The plan to start the {jair2018} Topological group

This week is the second week of classes & all the courses (except physics 140) has released all their mid term dates. Hopefull Alt-examinations does see it and put me in my desired timeslots for these courses. Suci can I please request you to print them out in 11x17 please. Passwords and Accounts transfer started for jair2018

Meeting with Professor Ozzy Permut-

called with professor Ozzy about why I am worried, the answer was obviously clear, I was memorising and not learning the intent. ② My mind is plastic, it is able to mold itself and adapt new things [I just don't wanna do it.]

DON'T PLAY WITH Minecraft.

Meeting with

1) Continue to experience push back and <sup>in the MATLAB</sup> raise my concern to my professor if a graduate student

is unable to solve a math problem, how do you expect a undergraduate like me to solve it

2) Put ALL

TO DO List  
1. week starting  
2.  
3.  
4.  
5.

Saturday  
1:30pm  
Create your task schedule  
List for the following week  
I need to find the motivation to do things, ~~the~~ Raymond reminding me doesn't help

Getting Preparation

Meeting with Raymond

I prefer Raymond then the new people that replaced Dana as they are still new and learning like me. Nobody wants to learn from a noob. I must say Raymond is very insightful and will help me if I need help.
