

## Meeting with

- 1) Continue to experience push back and raise my concern to my professor if a graduate student

This week is the second week of classes & all the

courses(except phystic 140) has released all their mid term dates. Hopefully Alt-examinations does see it and put me

in my desired timeslots for these courses. Sure can I please request you to print them out in lxx17 please.

Passwords and Accounts transfer started for jair2018

Meeting with Professor Ozzy Mennut-

I faced with professor Ozzy about why I am worried, the issue was obviously clear, I was memorising and not learning the intent. ② my mind is plastic, it is able to mold itself and adapt new things [I just don't wanna do it.]

DON'T PLAY WITH Minecraft.

The plan to start the {jair2018} Topological group

This week is the second week of classes & all the

courses(except phystic 140) has released all their mid term

dates. Hopefully Alt-examinations does see it and put me

in my desired timeslots for these courses. Sure can I please

request you to print them out in lxx17 please.

Getting Preparation

Meeting with Raymond

I prefer raymond then the new people that replaced Dana as they are still new and learning like me. Nobody wants to learn from a noob. I must say Raymond is very insightful and will help me if I need help.
