plan to start the {jair2018} Topological group

This week is the second week of classes & all the courses (except physics 140) has released all their mid-term tests. Hopefully Alt-examinations does see it and put me my desired timeslots for these courses. Sury can I please ask you to print them out in 11x17 please.

words and Accounts transfer started for jair2018

g with Professor Ozzy Mernit-

with professor Ozzy about why I am worried, the was obviously clear, I was memorising and not learning the
② My mind is plastic, it is able to mold itself and adapt things [I just don't wanna do it.]

DON'T PLAY WITH Minecraft.

Meeting with in the MATLAB

1) Continue to experience push back and raise my concern to my professor if a graduate student

is unable to solve a math problem, how do you expect a undergraduate like me to solve it

2) Put ALL

Saturday

1:30PM

I need to find the motivation to do things, ~~Raymond~~ Raymond reminding me doesn't help
Create your task schedule list for the following week

Getting preparation

Meeting with Raymond

I prefer raymond then the new people that replaced Dana as they are still new and learning like me. Nobody wants to learn from a noob. I must say Raymond is very insightful and will help me if I need help.
