04b.pdf

The start of the {jair2018} Topological Group (Permatble)

The {jair2018} Topological Group is the project that wishes to document the beauty of mathematics and all it encompasses. This group is unfortunately hosted on third-party servers such as wordpress, imgur and Github.... Meaning these sites can be banned, restricted, and so on. Details for each group are shown below

↗ image ⇒ Image will show the group Logo and some descriptions on what it means blah, blah, blah,

↗ The topological group is mainly a documentation of my life, it has many different websites and I try to keep all my content consistent in between each and every site.

// You wonder why people don't answer emails on Saturday & Sunday

↗ The topological group in specific {jair2018} is a feeder group, It will contain almost all material on the group and this group is part of a manifold. | Talk about Archiving → locking Archiving → Permanent lock using 2FA Phone.

Meeting with Raymond
· Talk about my problems

↗ How to set up and blah blah blah

Meeting with Susy
· To show NEW checklist
· To show my Transcript
· Summer date add/drop - Print 20 (1X1) copies (schedules)

Homework Assignments due. (To do list) [Done on Monday 27 January 11:19pm.]

| Differential Equations | Complex Analysis | Physics | Economics (ECON 1010) | February Begins |
|---|---|---|---|---|
| 1) Webassign 2 | 1) Assignment I | 1) Pearson Assignment 2 | 1) Quiz Me (x3) | 1) Pens ready |
| 2) Practice Problem 2 | Questions: | 2) LABs this week | 2) Quiz | 2) Milk ready |
| 3) Test NEXT MON | muweng.info.yorku.ca/ robots.txt. | | 3) ECON 1010 Practice test | 3) Paper ready ((1X1) Susy) |
| | | | | 4) EXAM Schedule is READY |

(S) (h)

$$x(t) = \tan\left(8t - \frac{3\pi}{8}\right)$$

The Gauss law and Maxwell-Equations are ready
